Linux pr chalane ke lie, Operating System and Linux ke bare me padna padega..
Azure Cloud ke Linux Computer pr chalana hai website..
Manual + Azure CLI + Terraform + VSCode
Roadmap
IT me kaam kaise hota hai
3 Tier Architecture Deep understanding
1 Tier App deployment on IIS(Local Windows Computer)
1 Tier deployment on Killerkoda (Linux)
Next week Sunday 1 - 5 PM Complete Linux
1 Tier App Deployment on DevOps Insiders Cloud cloud.devopsinsiders.com
1 Tier App Deployment on Cloud
Azure
AWS
GCP
Virtual Machine
EC2
Compute Engine
Pehle Digitization kyu nahi ho pata tha?
kyu ki computer pr website chlta hai lekin computer lana easy nahi tha..
Computer kharid ke AC lga ke bahut natak tha.
