Azure pr access le lena hai..

IT me project kaise aata hai

mele me se

HLD Banta hai

HLD approve hota hai

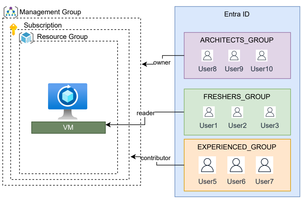
LLD banta hai..

Sprint me kaam batega..

1 Tier app streamflix ko killercoda pr deploy karna hai..

1 Tier app streamflix ko azure cloud pr deploy karna hai..

1 Tier app streamflix ko azure cloud pr deploy karna hai..

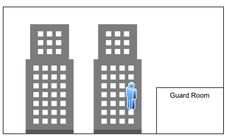


Ye management group, subscription, Resource group hai kya?

Ye entra ID hai kya?

Duniya me koi bhi application chlta hai, us application me 2 chiz hota hai..

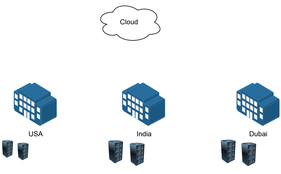
Authentication and authorization

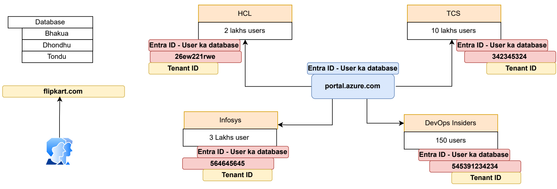


Azure wale ke ek link bana dia portal.azure.com

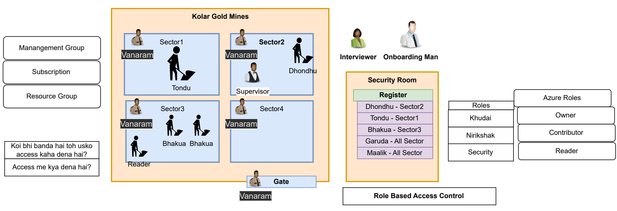
Azure ek 3 tier architecture hai toh isme authentication kaise hota hai

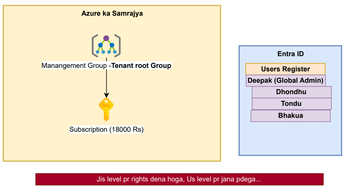
Isme role kaise dia jata hai and kis level pr dia jata hai?





How authenticatation/authorization works?





Jis level pr rights dena hoga, Us level pr jana pdega...

Jaise hi account banta hai toh kya kya milta hai..

Us user ko entra ID level pr Global Admin mil jata hai

Subscription Level pr Owner mil jata hai..

Ek group bana denge SIKSHA_SATHI_G32, isme sab user ko bulk import kar denge..
